Education

Wellesley College **Aug 2023 – May 2027**
Bachelor of Arts in Computer Science & Psychology *Wellesley, MA*

Relevant Coursework: Research Methods in Developmental Psychology, Statistics / Data Analysis in Psychology, Social Psychology, Software and Data, Computer Programming and Problem Solving, Data Structures and Algorithms

Skills

Research Methods: User Interviews, Experimental Design, Research with Children, Beta Testing, Behavioral Data Analysis, Literature Review & Synthesis, APA-Style Reporting
Collaboration: Stakeholder Communication, Cross-Functional Collaboration, Translating Insights into Product Decisions, Agile / Jira
Tools: SPSS, R, SQL, Python (Matplotlib, Seaborn), Jira

Research Experience

Wellesley College, Psychology Department **Sep 2026 – Present**
Student Researcher, Developmental Psychology *Wellesley, MA*

- Designed and ran an experiment with **29 children (ages 3–5)** testing whether **fantastical vs. realistic story contexts** change prosocial behavior, measured through sharing.
- Ran study sessions with preschoolers, keeping procedures consistent across participants while adapting instructions to young children's attention and comprehension.
- Authored an **APA-style empirical paper** on a prior experiment, covering hypotheses, method, statistical analysis, and discussion of findings.

Wellesley College, Korean Department **Mar 2026 – Sep 2026**
AI Research Assistant *Wellesley, MA*

- Reviewed academic papers and conference proceedings on **AI-assisted language learning** to identify which tools and practices improve learner outcomes.
- Translated research findings into recommendations to **redesign the Korean language curriculum**, connecting learner needs with faculty teaching goals.

Wellesley College, Computer Science Department **Sep 2024 – May 2025**
Research Assistant *Wellesley, MA*

- Analyzed **22,000+ behavioral records** from Snap'N'Go, a campus crowdsensing app, to test when and where students complete tasks; found a **11 AM–3 PM peak** and presented the findings as a poster at Wellesley's **Ruhlman Conference (2025)**.

Experience

Voce Social **May 2024 – Present**
Product Management Intern *Remote*

- Recruited and spoke with **30+ student executive board members across 10 universities**, including **10 in-depth user interviews**, to map the biggest pain points in running student organizations.
- Synthesized interview findings into user needs that **shaped the app's core features** ahead of its Fall 2026 launch.
- Turned interview and beta tester feedback into Jira backlog priorities, contributing to a **25%** increase in user retention and **30%** faster development cycles.

Consumer Insights Partnership **Jun 2025 – Sep 2025**
Data Science Intern *Atlanta, GA*

- Cleaned and organized customer engagement datasets across multiple client accounts, preparing reliable data for the analytics team's reporting.
- Observed sprint planning meetings to learn how cleaned data was turned into recommendations and product changes for clients.

Project

Byte By Bite **Mar 2025 – Present**
Team Lead, User Researcher *Wellesley, MA*

- Led a student team building a food journaling app with campus dining services, using student needs to guide features like personalized tracking and growing daily active users.

Extracurricular

Raise the Voices **Feb 2022 – May 2025**
Volunteer Coordinator *Remote*

- Managed **50+ volunteers** and designed their onboarding and training; built nonprofit partnerships for outreach campaigns that increased awareness and donations.
